“kanazawa metal leaf” version

A series of chic dinner plates are coated with the finest Echizen Urushi lacquer. The embossed original pattern inspired by traditional design is finished with Kanazawa gold or pewter leaf. Can be used for a large dinner plate individually, as well as serving dishes in the table center as a set of 3 to 5, which creates fascinating Japanese modern setting or even as a vase. The plate is only 2cm thick and stackable, which makes a stack of 5 only 6cm high.
