

The cup looks like the letter a as seen from above. The handle is the extension of the outer curve of the body, which shows the typical character of the craft, Magewappa or Bent-woodware. Beautifully bent Akita Cedar is extremely elegant and light, and the nature of the wood helps keep the temperature inside the cup. Design of the saucer is inspired by Japanese clogs. Odate Magewappa is a designated traditional craft of Japan.

α 001

- use/ cup and saucer
- material/ Akita wild cedar
- size/ cup: W107×D80×H60 (±80)mm
saucer: W115×D115×H13mm
- weight/ cup: 28g saucer: 12g
- design/ Yukio Hashimoto
- traditional craft/ Odate Magewappa(Akita), hand-made
- origin : Japan
