

Hollows of different shapes are helpful reminders to keep your everyday items, such as glasses, pen, watch and accessories in place. Comes in clear, Urushi ebony and Urushi Tame. Each hollow is sand blasted by hand. Squared timber is inserted on both sides to prevent warping. These techniques come directly from Echizen Urushi lacquer ware craftsmanship.

* squared timber to prevent warping
* anti-slip patches made of felt

- use/ accessory tray
- materials/ 1 maple wood, clear lacquer
2 maple wood, Urushi lacquer
- size/ W200×D200×H20mm
- weight/ 350g
